

ALTI-MATE 256

ONE-STEP DISINFECTANT CLEANER AND DEODORANT

EPA Reg No. 10324-141-91509

PRODUCT DESCRIPTION & BENEFITS

Alti-Mate 256 is a one-step disinfectant that is effective against a broad-spectrum of bacteria, is viricidal including HIV-1, HCV & HBV and inhibits the growth of mold and mildew and their odors when used as directed. It can be used on washable hard, non-porous surfaces such as: Countertops, sinks, exterior surfaces of appliances, microwave, ovens and refrigerators, glass surfaces, laminated surfaces, metal, stainless steel, glazed porcelain, glazed ceramic, plastic such as polystyrene or polypropylene, sealed, terrazzo, chrome and vinyl, Plexiglas®, enameled surfaces, tables, chairs, washable walls, floors, shower, stalls, bathtubs, toilets, urinals, restroom fixtures, kennel runs, cages. Dilute 1/2-oz per gallon. It is a great neutral floor cleaner. Alti-Mate 256 is diluted at 1/2 ounce per gallon of water. (1:256)

USAGE & INSTRUCTIONS

Alti-Mate 256 is an effective Disinfectant, Cleaner, Mildewstat, Fungicide, Virucide, Deodorizer for Hospitals, Nursing Homes, Commercial, Institutional, and Industrial sites. For Use in Schools, Veterinary clinics, Restaurants, Food Handling and Processing Areas. Effective in hard water up to 400 ppm hardness calculated as Ca CO3 in the presence of 5% soil.

Check with your Cynamic Chemical Co. Sales Representative for detailed use directions and which states Alti-Mate 256 is available in.

TECHNICAL SPECIFICATIONS

Appearance / ColorClear Yellow
Odor.....Fresh Scent
Shelf Life2 years
FoamingNone
Solubility in WaterComplete
pH7.5 ± 0.5
Specific Gravity1.007 ± 0.005
Storage Temperature45-90 °F

FEATURES & BENEFITS

- One-Step Cleaner and Deodorant, Odor Counteractant, Odor-Neutralizer
- Designed for General Cleaning and Disinfecting, Deodorizing and Mold and Mildew on Hard, Non-Porous Surfaces
