

OX-7

7% All Fabric Bleach

PRODUCT DESCRIPTION & BENEFITS

OX-7 is the answer to today's modern laundry problems. Recent technology has allowed manufacturers to stabilize peroxide in water solutions in greater strengths than ever before. Thus, the clear trend in the laundry industry is towards all fabric oxygen bleach in liquid form. Not only are fabric problems eliminated by oxygen bleach, but peroxide is far safer for the machine operator in normal use. Plus there is no obnoxious odor. Use of oxygen bleach is also safer for our environment. Peroxide biodegrades quickly in treated sewage and enhances the biodegradation of other materials.

DETAILED USAGE & INSTRUCTIONS

DIRECTIONS FOR USE: Open container carefully. Remove pickup tube from empty container and insert into new container being careful not to drip any product on skin or clothing. If air pockets are present in tubing leading from container to dispenser or from dispenser to laundry machine prime dispenser to completely fill tubing. Dispenser is programmed to add OX-7 to correct machine cycle in the proper amount.

PRE-SPRAY: Remove all loose soils from the fabric and blot wet stains with a clean absorbent cloth. Dilute 1 part OX-7 with 1 part warm water. Spray directly on linen, covering the entire stain. Wait 10 minutes, then wash immediately. Tough spots may require full strength spray.

PRE-SOAK: Use 1 oz. per gallon of warm water. Whites/pastels should always be soaked separate from darker fabrics. Allow to soak 30-60 minutes.

RECOMMENDED USES: For whites and colors, such as towels, sheets, blankets, bedspreads, rags, etc. – pure cotton and polyester blends or any washable fabric, To be added to the bleach or bleach/suds cycle of commercial washers

Refer to the product label or contact a Cynamic Chemical Co. professional for additional usage instructions.

TECHNICAL SPECIFICATIONS

Appearance / Color	Clear
Odor.....	Odorless
Shelf Life	2 years
Solubility in Water	Complete
Foaming	None
pH	6.5 ± 0.05
Specific Gravity	1.015 ± 0.005
Storage Temperature.....	45-110 °F

FEATURES & BENEFITS

- All Fabric Oxygen Bleach in a Liquid Form
- Safe For Our Environment
- Outstanding as a Pre-Spray or Pretreat
